

ELK CREEK SOLAR

ECONOMIC BENEFITS

When operational, Elk Creek Solar will generate an estimated \$1.6 million in annual payments to local government. In addition, if approved for construction, a separate community fund to provide revenue to Elk Mound Area School District has been voluntarily signed as part of a company commitment to responsible development in the Project community.

- **200-300 construction jobs during the 1-2 year construction process**
- **3-5 permanent, high-paying jobs during the 35+ year life of the Project**
- **\$292 million long-term investment in Dunn County, Wisconsin**
- **\$32 million+ estimated revenue to Dunn County over 35 years**
- **\$1.2 million additional benefit to Elk Mound Area School District**
